Business Summary

This 43 year old North West company provides a range of new construction and maintenance services for the oil and gas industry. Pipeline installation and roustabout remain the two largest sources of revenue. The company is involved in steel & Poly pipelines, well hook-ups, miscellaneous roustabout, new or in-field repairs, hydro-excavation, and line location for pipelines, electrical and telephone lines. Equipment includes saddle and electro fusers, dozers, blades, compressors and generators. The company also maintains a fleet of trucks and flatbed and detachable trailers. The owner wishes to retire, but would remain on a semi absentee or consulting basis for several years if needed.

Building & Property

Building:	7,000 sq ft
